

FOR IMMEDIATE RELEASE

Dance In New York City 5 to Offer Two Contemporary Master Classes and Professional Critiques of Competition Solos for Young Dancers

SUMMARY:

Man In Motion (www.maninmotionnyc.com), a network of 40+ male dance instructors and choreographers, is pleased to announce that Dance In New York City 5, the latest edition of its popular master class event, will be held Feb. 1, 2015, at Ripley Grier Studios in New York City. The event features two contemporary master classes, critiques of competition solos from professional instructors/choreographers, and a special studio performance from some of the company's popular teachers.

NEW YORK (December 18, 2014) –

In an effort to provide an affordable experience for young dancers to train with high-quality male instructors and choreographers, Man In Motion (www.maninmotionnyc.com), a network of 40+ male dance professionals, launched "Dance In New York City" at the start of 2014. Now heading into the second year, it's become one of the most popular dance education events in the tri-state area.

Dance In New York City 5 will be held Feb. 1, from 10 a.m. to 4 p.m., at Ripley Grier Studios in New York City. The event, titled "Contemporary Masters," will feature two master classes in contemporary dance, each offered at two different skill levels: intermediate/advanced for ages 13-19, and beginner/intermediate for ages 9-12.

"Our goals in starting Dance In New York City were to provide a more personalized approach with our professional instructors working more closely with young dancers in smaller groups," said Jason Warley, CEO and founder of Man In Motion, "and to do it in a fully equipped dance studio in the heart of New York City, rather than having larger groups crammed into a carpeted hotel ballroom. Judging from the great response thus far, I think we're hitting our marks."

The contemporary master classes will be led by professional dance instructors Michael Susten and James A. Washington.

Michael Susten is currently on the faculty at Broadway Dance Center and is an adjudicator and master class teacher for regional and national competitions. In March 2014, Susten held the debut of his new company, Michael Susten & Company, a two-night, sold out event in New York City.

James A Washington was the 2013 male recipient of the "Brazzy Award," given for outstanding achievement in dance. In addition, he was ranked Top Five at the 2012 International Choreography Competition at Giordano Jazz Dance World Congress. Washington was a founding member of the August Wilson Center Dance Ensemble in Pittsburgh and is currently performing with Michael Susten & Company.

In addition to the master classes, each registered dancer will have the opportunity to receive a detailed critique of their competition solo from a professional instructor or choreographer.

Dance In New York City 5 will also include “The Showdown,” an informal studio performance by some of Man In Motion’s popular instructors, along with other surprises.
